

SHRISTI EDUCATION PVT. LTD

Supporting Students Worldwide

STUDY MBBS IN RUSSIA

MBBS ABROAD MADE EASY FOR YOU

ABOUT SHRISTI EDUCATION

Shristi Education was started with a vision on helping students take their careers to greater heights. Our core activity lies in ensuring that students make the right choice when they decide to study abroad. It is the only organization authorized by Russia, China, Egypt, Nepal, Bangladesh, Phillipines, Belarus, Georgia, Kazakhtan & Uzbekistan to provide admission to Indian students in top Government medical universities abroad.

At Shristi Education, we believe in giving in-depth details and information about study pattern and study quality in the top universities. We are best at helping the students with the best courses and universities which are best fitted to their career and which hold the potential of fulfilling their dreams. Our existence revolves around our students. We ensure that you get the most hassle-free experience of making the right decision of studying abroad.

Since 2005, we have sent 1600+ indian students to various countries like Russia, China, Egypt, Nepal, Bangladesh, Phillipines, Belarus, Georgia, Kazakhtan, Uzbekistan, Poland & Germany

Shristi Education has been successfully conducting educational fairs featuring many leading Universities in metro cities of India every year. It also invites officials from the universities and conducts counselling and spot admissions for students, in other non- metro cities & towns of India. Every year thousands of prospective students and their parents attend these exhibitions and seminars and get first-hand information from the University officials. As a part of reaching out to prospective candidates, seminars are carried out in the schools. The audio-visual presentation highlights the opportunities and advantages that are available to students to achieve their career goal. Parents are advised about the economics, terms, and conditions of studying abroad. It's time to follow your dreams! Let us join our hands into a brighter world. We will assist you in shaping yourself and be a better being. Shristi Education is highly renowned visionary educational channel in India. Our main aim is to enlighten the path for admission of students with through guidance at reasonable and affordable package in medica, engineering, aviation, business management courses in top government colleges / universities, of Russia, China, Egypt, Nepal, Bangladesh, Phillipines, Belarus, Georgia, Kazakhtan, Uzbekistan, But not only universities in that which is the best university for Indian students we share a trusted bond with students for not only do we show them the path of success in higher education in overseas. But we also guides the students and their parents with updated information about prospective course, institutions and much more.

Shristi Education head quarter located in Gujarat in Surat City and its having the presence in all the states of India (Pan India) Shristi Education is a student friendly and trustworthy platform in India Shristi Education is only providing and to end solution in overseas studies. We believe in booming careers and success of our students have made us today an arch education channel in India. We provides an outright solution in overseas medical with PG education we provide full service to our all the students from admissions to completion of degree.

Shristi Education has authorised and Official Contractor of listed and approved educational concern and tied up with govt. medical engineering and management institutions in Russia, China, Egypt, Nepal, Bangladesh, Phillipines, Belarus, Georgia, Kazakhtan, Uzbekistan Shristi Education assist students for MBBS and PG courses where the cost of education is low and quality education and study pattern shoots. To Indian students for His/her carrier. These government medical universities are affordable and offer good quality of education Shristi Education has grown not on advertisements but primarily on the references provided by the successful students and work of mouth has been our marketing strength.

OUR VISION

To take global education to new height by enlightening, inspiring and kindling the blooming buds of the new generation thereby empowering them with strength of knowledge to become global leaders with broader perspective of life.

OUR MISSION

To be fair, honest and dedicated to the main pillars of our students, employees, associates, and society and sustain our integrity at every step.

COURSES PROGRAMS

Since 2005, It has expanded its portfolio to 15 countries and 5 major popular courses as: MBBS, Engineering, MBA, Masters level program aviation.

CREDENTIALS

Since MBBS in Abroad is a big decision, Choosing the right consultant will make a lot of difference. Shristi Education bridges the gap between student and university by providing them world-class benefits and this is what you need.

OUR STUDENT SUPPORT SERVICES

To help medical students in India get admission to top-ranked and government medical universities in Russia, we offer a variety of integrated student services right from counselling to travel arrangements and continuous support during students' medical education in Russia.

COUNSELLING

We provide free counselling to students interested in studying MBBS in Russia. For counselling, we have a team of 100+ expert counsellors and admission advisors. Depending on the convenience of the students, counselling is provided through online as well as the offline medium. We believe that the first interaction between the students and our representatives marks the beginning of our association with our students.

UNIVERSITY SELECTION

Russia is home to 50+ NMC(MCI)-Approved Medical Universities that offer MBBS admissions for Indian students. All those Universities have different fees structure, facilities, and located in different regions of Russia. For a student, making the right choice from so many options and selecting the best-fit can be difficult. We help students in selecting a medical university that is the best fit for them, depending on their financial means, personal preferences, the preferred medium of instruction, and academic records.

ADMISSION APPLICATION

To make the admission process to the MBBS program easier and hassle-free. On behalf of the students, the team of Shristi Education files an application for admission to the MBBS Program of the selected university at no additional cost to students. All the documentation work is taken care of by our team.

FINANCIAL SUPPORT

We assist our students in getting currency exchange. At Shristi Education, we make sure that our students get the best possible exchange rate. We have tie-ups with various International Banks that provide the students with Forex Card and traveler's cheque at the time of departure. While medical education in Russia is very affordable, some students may require financial support to fund their MBBS program.

DOCUMENTATION

Going to Russia for medical education is not a small decision. It requires lots of paperwork and documentation. Immigration documents are required to be compiled for passport and visa formalities. Further, MBBS Admission and University procedures need a number of academic documents and student's records that need to be apostilled and submitted to the University.

PRE DEPARTURE

In accordance with the direction of Embassy of India in Moscow, Russia (Education Wing), we organise our annual assembly - a pre-departure ceremony for Indian medical students going to study MBBS in Russia. Here we encourage & prepare the students for their new journey and brief them about the best practices for traveling and starting life as a medical student in Russia.

TRAVEL ARRANGEMENTS & AIRPORT PICKUP

For passport, Visa, and other documents required for traveling to Russia and getting entry to the University, students get full support from the Shristi Education.

UNIVERSITY ARRANGEMENTS

Before our students even reach the University, we make sure that proper arrangements for hostel and mess are in place for them. We offer 5-10 minutes complimentary call to our students from the University to your parents/relatives. We provide you with a local SIM Card. We help them with the medical check-up at the University at the time of arrival.

MEDICAL LICENSING EXAMINATION

To help our students prepare for FMGE/NEXT, we provide coaching throughout the course. FMGE/NEXT preparation, along with the MBBS Program, well prepares the students to crack FMGE/NEXT after MBBS from Russia, secure a license to practice medicine in India, and live the dream they worked so hard for. We arrange special classes here in India during summer vacations for all our students as well.

WHEN SAY 6-YEARS SUPPORT, WE MEANT IT

Shristi Education remains involved with the students during the entire cycle of academic pursuit starting from choosing the university till the convocation.

WHY STUDY?

Along with affordability and quality, there are many factors that make education in Russia one of the most lucrative options for Indian students looking forward to studying abroad. Among many advantages, undermentioned are a few key benefits available to international students with studying in Russia:

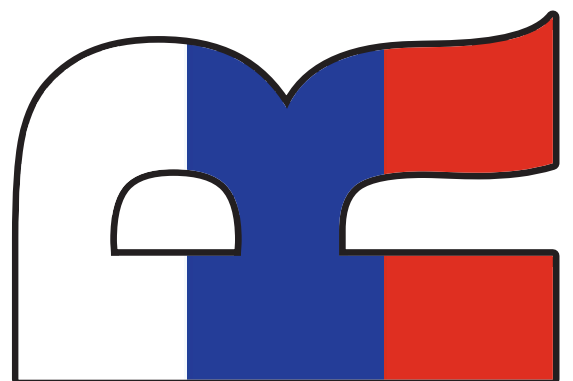

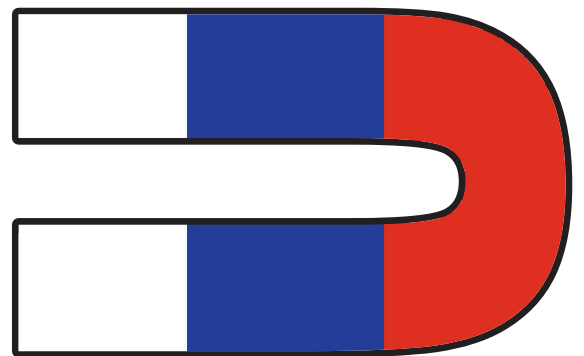

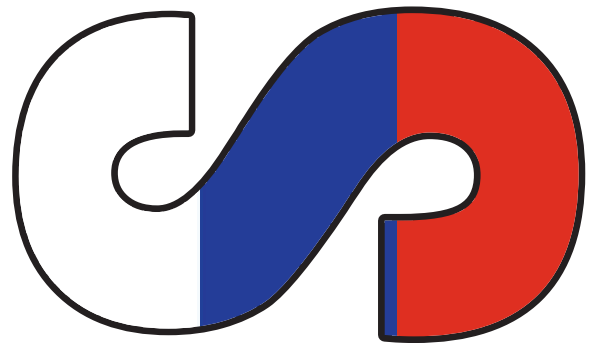

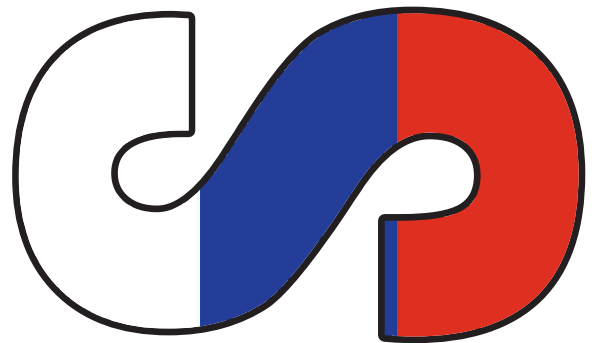

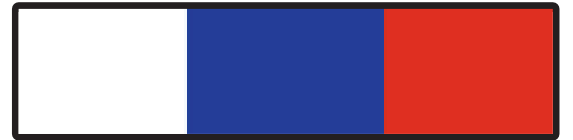

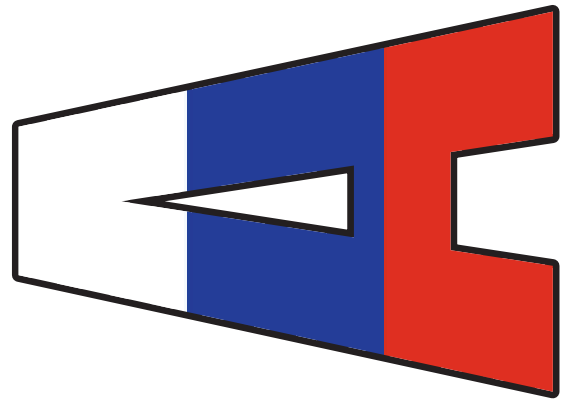

ACCESSABILITY

Russia is a well-connected country. Home to 1,216 airports, Russia has a well-regulated transportation system supported by buses, boats, taxis, metro, and suburban and express trains. In a typical Russian city, you can catch a bus or taxi every 15 minutes and a train every 30 minutes. While transportation in Russia is very cheap, students can travel at a further discounted cost, which is five times less than the price of regular tickets.

**WE ARE AFFILIATED WITH
50+ UNIVERSITIES**

TRUSTED DESTINATION
FOR INDIAN STUDENTS

■ SCHOLARSHIP OPPORTUNITIES

Russia is one of the few countries in the world that offer state-funded education to foreign students. Every year, about 15,000 international students win a scholarship to study in Russia.

■ LOW COST OF LIVING

The average living cost in Russia can be as low as US\$ 140 per month, which is very-very low compared to the cost of living in other European nations and countries like the USA, Australia, the UK, etc.

■ HIGHLY EDUCATED COUNTRY

With a literacy rate of 99.7%, Russia is one of the most educated countries in the world. So, you will be in good company. As you know, the people who surround us have a lot of impact on our personality.

■ EXCELLENT EDUCATION SYSTEM

The education system of Russia has been ranked as 8th best in Europe and 13th best in the world by Economist Intelligence Unit (2014). In 2016, Bloomberg, a US-based media company, designated Russia's Higher Education as the third-best in the world.

■ LOW TUITION FEE

The cost of education in Russia is much lower in comparison to other European nations and the likes of the United States, Canada, Australia, and the United Kingdom.

■ OPTION TO STUDY IN ENGLISH

If you don't want to invest time to learn Russian but still want to study in Russia, you can. With increased globalisation and connected world, many Russian universities have started offering their higher education programs in English medium.

MBBS-OVERVIEW

PROGRAM OVERVIEW

Russia is home to many top government medical universities offering affordable and high standard education to many students.

The program for MBBS in Russia is focused on building a strong academic base with a pragmatic approach towards education and medical research. Education in the classrooms and laboratories helps students develop their strong theoretical skills. The Russian Medical Universities offer clinical training at the university-affiliated hospitals from the second year of the MBBS course. This training helps the students to develop their clinical experience throughout the years.

Every year, fresh batches for MBBS in Russia starts in September & February Intake. Besides local students, medical aspirants from India and other countries also apply for admission to the top medical universities in Russia to get quality education at low fees and scholarships.

ELIGIBILITY

12th Passout 50% marks in PCB

To get admission in the MBBS Program, students must qualify NEET-UG (National Eligibility cum Entrance Test- Undergraduate).

Besides NEET-UG, there is no requirement to go through any additional entrance examination for applying in the medical universities of Russia.

QUALITY OF MEDICAL EDUCATION IN RUSSIA

In Russia, there are many medical universities which are continuously included in the list of top medical universities in the world. Universities are among some of the globally leading medical universities.

MBBS IN RUSSIA

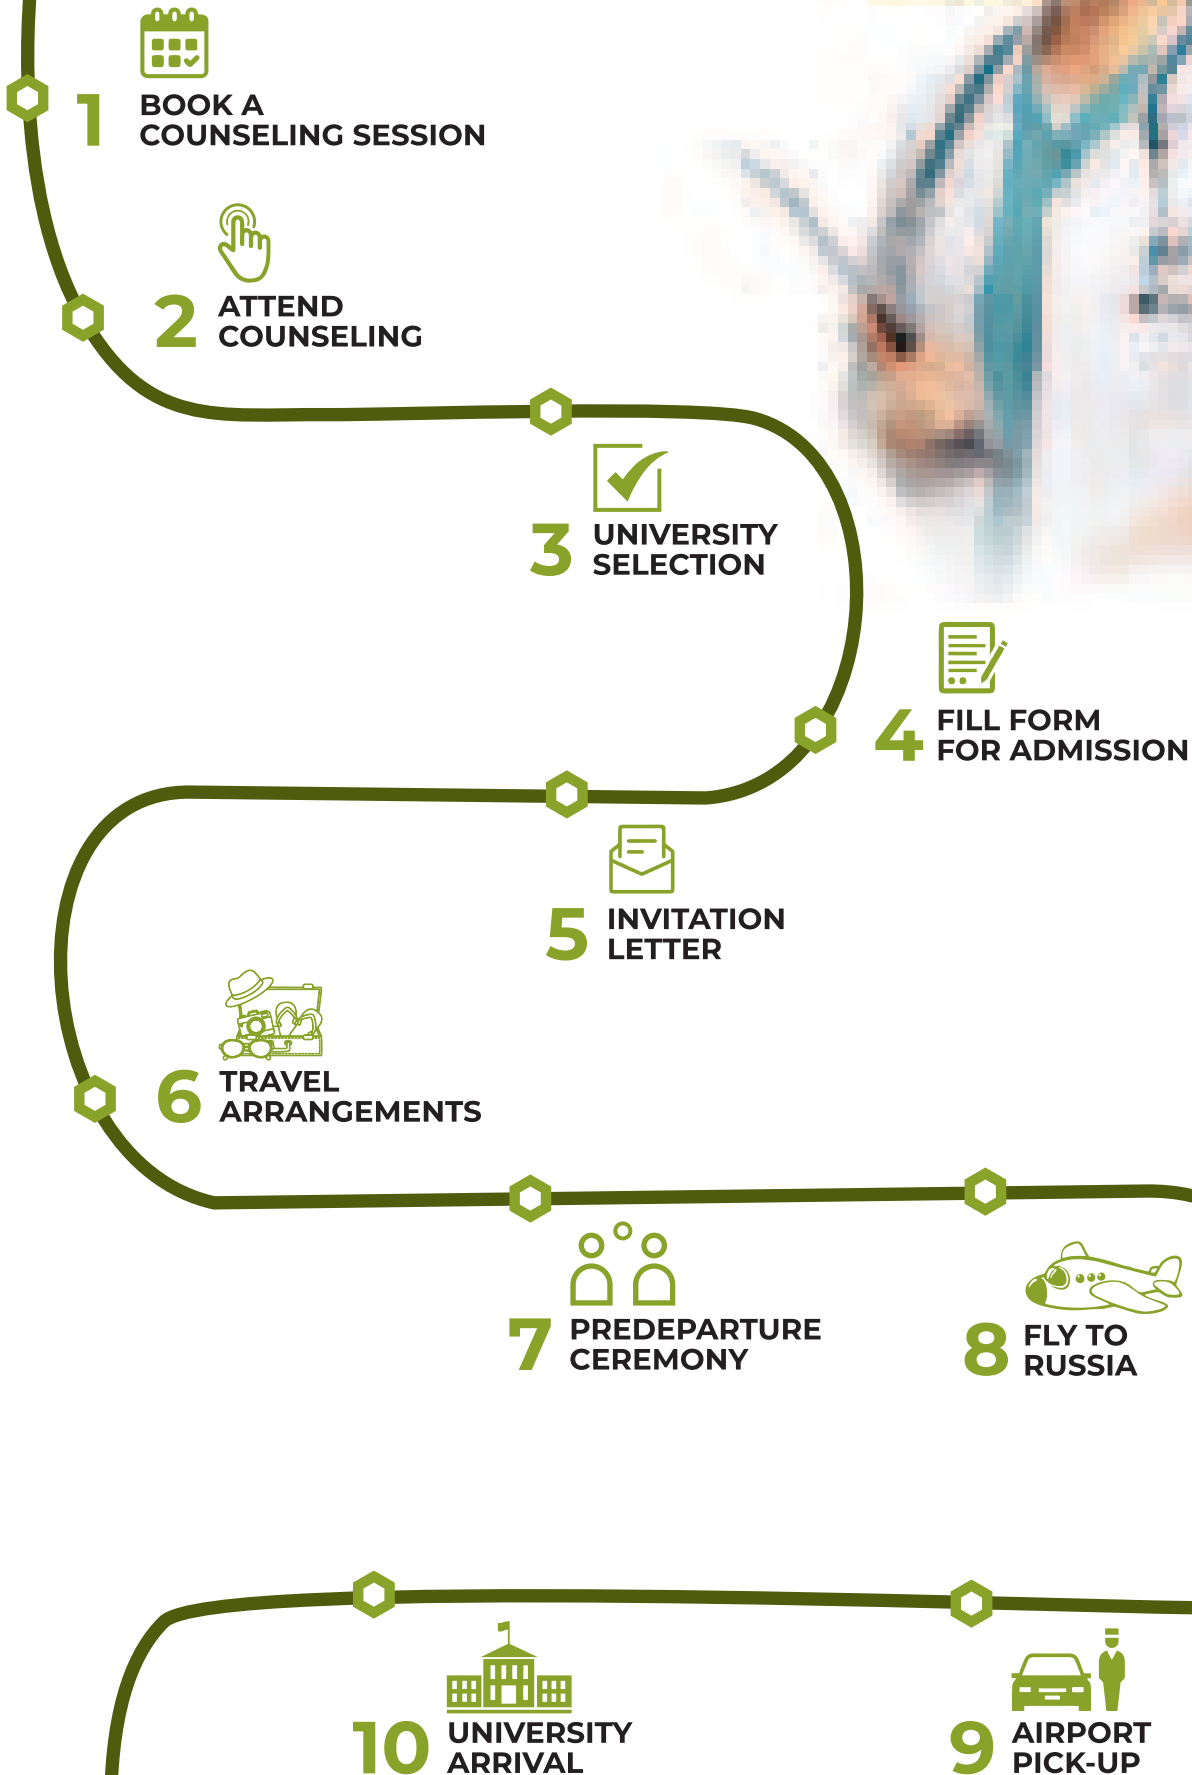

MBBS is one of the most demanding professions in the world. It is believed to be the noblest profession.

MBBS in Russia offers a 6-year medical program. After pursuing MBBS from Russia, there are a lot of career options available for medical graduate students within the country and abroad.

Medical degrees awarded by the top medical colleges in Russia are recognised globally. Students can practice anywhere around the world subject to qualifying the country-specific medical licensing examination such as FMGE, USMLE, PLAB, etc.

FIRST STEP TO BECOME A DOCTOR

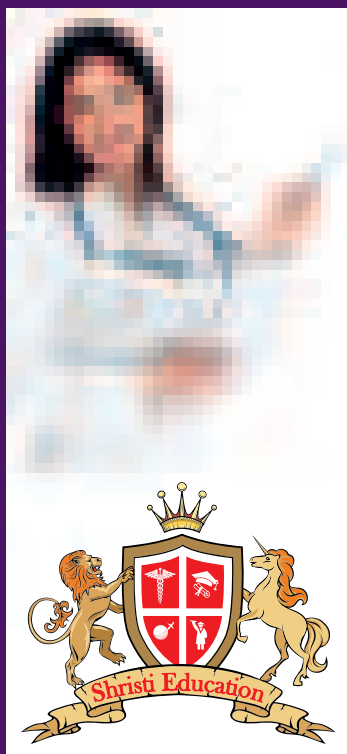

UNIVERSITIES'S RECOGNITION

Top medical universities in Russia are recognised, approved, certified, and registered with the world-renowned medical organizations. These organizations aim to enhance the quality of medical education globally. Each organization has its own standard of development in medical education and the level of accreditation in medical schools.

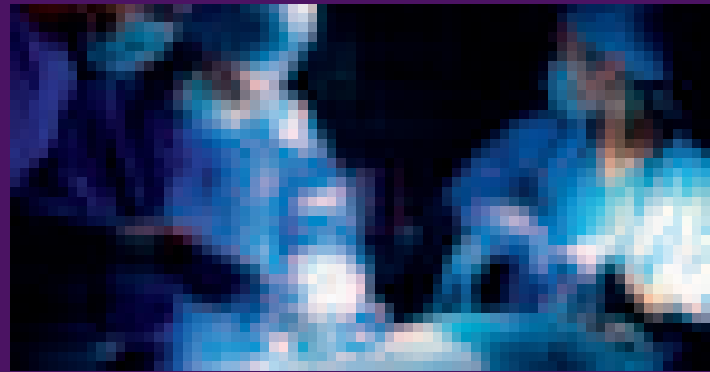

The medical universities in Russia are approved by the NMC(MCI) and they are also approved by the Medical Council of Canada (MCC).

Every medical university in Russia is recognized by the Ministry of Science and Higher Education of Russia.
